(Budgeted in HP Capital Assets) Roll Call: Aye-All. Motion carried.

INFORMATIONAL ITEMS AND ITEMS FROM CITIZENS

Mayor Ruth Jr. directed the Commission to the email they received from Jesse Peck and Sarah Bailey. Jesse Peck, casino employee, spoke to the Commission concerning the opening of Deadwood and would like to see three things happen, which are: Commission to recognize the COVID -19 pandemic has been difficult for workers; Commission to promise they will do everything within their powers to elevate these difficulties; and as solutions present themselves, clearly communicate the course of action adopting and the reasoning behind the course. Peck stated several casino workers feel they cannot voice the opinions for fear of retaliation from supervisors or termination. Mayor Ruth Jr. thanked Peck for the questions. He has forward email to the City Attorney due to the majority of the questions are issues that the city would not necessarily address, but would encourage you to speak to labor department in regards to employee protection, Department of Health, or the Governor. He stated there are three questions the city would have direct response to, which are:

If businesses are not following the guidelines city set forth. He stated the city has a nuisance ordinance which is enforced. Anyone is welcome to call and voice concerns. Police has ability to issue citations, and ability to correct onsite.

Is anything being done to provide social distancing for families, for example Deadwood Alive. He stated Deadwood Alive will hold shoot-outs at Outlaw Square where social distancing can be maintained.

What are the plans in regards to Sturgis Rally. He stated city will visit and put forth a plan but not until Sturgis makes their decision.

Mayor Ruth Jr. stated he takes this seriously because the front line employees are the heartbeat of Deadwood, and as a front line employee, he knows a vast majority of employees and so it becomes personal for him as well. Commission Martinisko thanked Peck for attending. She stated every employee should have the right to go to their employer, and hopes employees understand some of the situations the employers are going through. Peck stated we are looking for leadership from the City. Attorney Riggins stated Governor Noem's executive order states we shall follow her plan. He stated there is significant concerns on what city is limited to and the more city varies from Governor's plan the more concerns from a liability standpoint of possibly being sued by business owner. Peck stated he understands about liability but is there any indication what the city might be on the hook for making those changes. Riggins said the Governor stated "you shall follow these guidelines" and those guidelines say that businesses have the responsibility to use their innovation and creativity for safety measures. Peck asked what ability city has to push back on the guidelines and what financial ramifications of that might be. Riggins stated the ability to push back is limited to conversations that need to be had with the Governor. Governor has had meetings with Mayors and municipalities to try to give them an opportunity to provide her with input and she has taken the input and told us that this is the plan that we shall follow. Commission Todd stated the city is concerned for residents and front line workers and are doing everything we can do. Edward Hacker, casino employee, stated the email is a collection of questions and concerns employees have around town, who have

talked to their employer but nothing has been addressed, and is looking for a direction to go. Riggins stated he has spoken with concerned citizens and welcomed anyone to call him with questions. Commissioner Todd believes communication is needed between Deadwood Gaming Association as well. Mayor Ruth Jr said the Commissions parameters and abilities only go so far. Suggestions, recommendations, but mandating gets tricky and that is where city attorney gets concerned, then tax payers should be worried where tax dollars are going in terms of litigation and things of that nature. Ruth stated Commission is on your side, we understand the importance of visitor industry, we understand the importance of employees and are doing as much as we can and encourage the proper measures that need to be taken. Commissioner Johnson appreciates the email received and has visited some locations and appreciates all that has been done. Commissioner Struble thanked Peck and Hacker for attending and believes we need to keep a line of communication. Mayor Ruth Jr. thanked them for attending.

On behalf of the Commission, Mayor Ruth Jr. extended condolences to the family of Historic Preservation Commissioner Willie Steinlicht.

Attorney Riggins requested Executive Session for legal matters per SDCL 1-25-2(3) and personnel matters per SDCL 1-25-2 (1) with possible action.

ADJOURNMENT

Martinisko moved, Johnson seconded to adjourn the regular session at 5:52 p.m. and convene into Executive Session for legal matters per SDCL 1-25-2(3) and personnel matters per SDCL 1-25-2 (1) with possible action. The next regular meeting will be on Monday, June 1, 2020.
