**Trolley Tracker**

The City has been working with Esri and Ferber Engineering to create a real-time online map for the Deadwood Trolleys called the Trolley Tracker. The Trolley Tracker will allow residents and visitors to track the trolley(s) on their route via mobile and desktop devices. Being able to see where the trolley(s) are at will help riders to know when the trolley(s) will arrive at the next stop. City staff would like you to use Trolley Tracker and give us your feedback. To access the Trolley Tracker go to <https://bit.ly/2GwQjaN> or scan the QR code below. Let us know if the tracker is helpful and user friendly. Send your comments to us at [hpadmin@cityofdeadwood.com](mailto:hpadmin@cityofdeadwood.com) or call us at 605-578-2082.

### From the Mayor's Desk

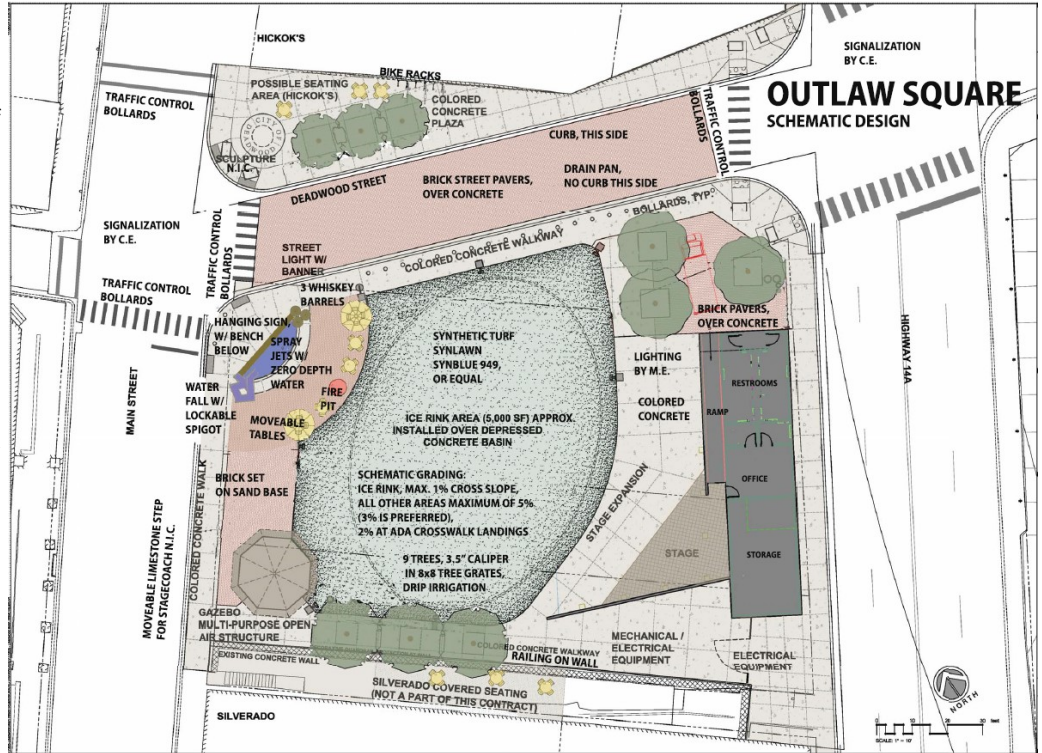

The vision of a public gathering space is finally becoming a reality for Deadwood. The Outlaw Square will be located at the corner of Deadwood Street and Historic Main Street. This location once housed the Deadwood Theater and City Hall but these two buildings were destroyed by fire in 1952.

Along Deadwood Street there will be a colored concrete plaza with a curb on the north side along Hickok's. In this area there will also be bike racks, trees, a future sculpture location as well as an outdoor seating area. The south side of the street will have no curb and a colored concrete sidewalk. Traffic control bollards will be installed at both ends of Deadwood Street to be used during events. The northwest corner, corner of Deadwood and Main, of the Square will have a water feature, fire pit and seating. A building will be constructed along the east side of the Square along Highway 14A to house storage, an office and public restrooms. This will also help eliminate highway noise coming off of Highway 14A. There will be a gazebo which will be a replica of the bandstand built in 1891 on Lee Street. A 5,000 square foot ice rink will be in the middle of the Square in the winter. During the summer this area can be used for different events such as demonstrations, art festivals, etc.

The ground breaking ceremony will take place at 1:00 p.m. on January 7, 2019 with completion of the square planned for September 2019. You can view plans for Outlaw Plaza at the City of Deadwood Historic Preservation Office, 108 Sherman Street.

Best regards,

Mayor, David R. Ruth Jr.
