Chuck Turbiville was honored posthumously with this year's award. Governor Noem stated, "Chuck served our country in the army. He served our state as a State Representative and served faithfully in GOED and other areas of state government. He served his community as Mayor and as the director of economic development. Chuck was active in his church, in the VFW and in the American Legion. He was a servant leader who led, not for himself, but for the people of South Dakota."

General messages are used to communicate non-life safety matters such as community events, planned road closures, water main repairs and power service interruptions. Emergency messages notify residents of emergencies such as an evacuation notice, utility outages, fire, floods, severe weather or other emergency situations.

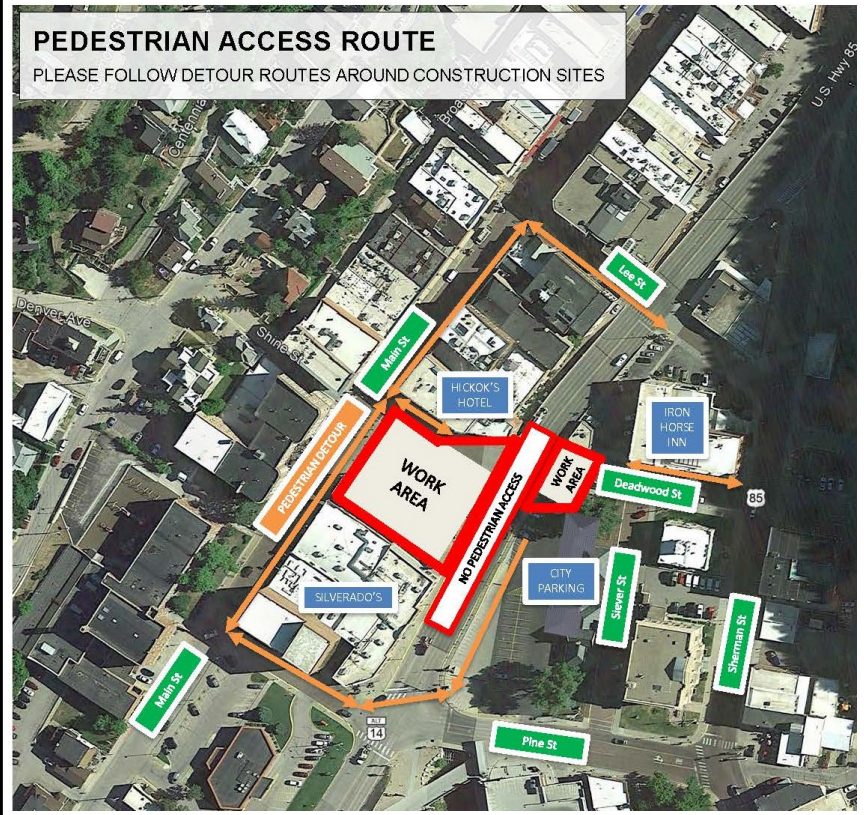

Residents who have not yet registered to receive these free alerts can register by going to the City of Deadwood website, www.cityofdeadwood.com, then click the CodeRED Signup button at the top. If you do not have access to the internet you may register at the library or call 605-578-2082 and City Staff can register you over the phone. Lawrence County Comprehensive Plan

Lawrence County is working with the Black Hills Council of Governments to update the County's Comprehensive Plan. Public meetings and engagement sessions will be held in the late summer and fall of 2019. Meeting dates and times will be posted on the plan website: www.lawrencecountycompplan.com.

The County's comprehensive plan was last updated in 2005. Local needs and priorities have changed since the last update and a new plan is needed to reflect these changes. The Comprehensive Plan will be used as a road map to guide future decisions and development as the county grows.

A successful planning process requires public involvement and input. The planning process will combine public input, stakeholder meetings, and technical analyses. Public input will ensure the plan represents the community's vision for the future and accurately addresses concerns and priorities. The plan website, www.lawrencecountycompplan.com will be updated with meeting dates, agendas, and notes so those who are unable to attend meetings can stay up-to-date with the planning process online.

If you have questions please contact Amber Vogt at avogt@lawrence.sd.us.

Hopefully summer is just around the corner which means fun in the sun! While enjoying your time in the sun don't forget these sun safety tips to help protect you from sunburns, dehydration, and heat exhaustion.

1. Don't forget your sunscreen! Use a broad-spectrum sunscreen, at least SPF 30, that protects from both UVA and UVB rays.
2. Apply sunscreen 15 minutes before heading outside and then reapply every 2 hours, more often if you're swimming.
3. Wear a wide brim hat to help protect your head, face, ears, and neck. If you wear a ball cap don't forget to apply sunscreen to your ears and neck.
4. Wear sunglasses that block UVA and UVB rays.
5. Drink plenty of water! Staying hydrated on hot days is very important so make sure to take your water bottle.
6. Limit your time outside during the hottest times of the day.
