Archive Moment

In January 2015, the City of Deadwood sent a small collection of metal objects unearthed during the 2001 to 2004 Deadwood Chinatown archaeological excavation to the Maryland Archaeological Conservation Laboratory in St. Leonard, Maryland. Included in this assemblage were forty-eight civilian and military buttons and one Chinese water pipe. The selected objects underwent rigorous conservation treatments to remove the years of corrosion. During the project, conservators made a few startling discoveries. Two of the eight military buttons are from an officer's jacket based on the eagle insignia and embossed lettering on the dome of the button. Both the US Cavalry and US Infantry were represented based on the letters "C" for cavalry and "I" for infantry appeared in the center of shield design.

The Chinese water pipe also yielded a few interesting discoveries. The most noticeable were the ornate engraving that depicting a woman playing a string instrument and the inlaid bird and squirrel-like creature. Chinese characters were also discovered on the lid of the pipe. This fall, City staff will have the characters transcribed.

Both the buttons and the water pipe were selected by Maryland Archaeological Conservation Laboratory for the "Curators Choice" during the months of April and May of 2015.

PUBLIC NOTICE: Hwy 85 Reconstruction Progress

Weekly public meetings on the Hwy 85 Reconstruction Project continue to be held at Deadwood City Hall every Tuesday at 11am unless otherwise noted. These meetings are open to the public; all are welcome and encouraged to attend.

As of June 19 the Harrison St./Hwy 85 intersection will be closed to vehicle/pedestrian access until further notice. Motorists/pedestrians should use Van Buren St. and Cemetery St. to access Hwy 85/Sherman St. Additionally, motorists are reminded it is a violation to block access to residential or commercial driveways. Flaggers are stationed throughout project to ensure driveway access is maintained during heavy traffic.

Upcoming work will consist of grade/base course work from Cemetery St. to Harrison St; electrical and concrete work from Cemetery St. to Harrison St; utility work and storm drain at Harrison St; grade/base course work from Harrison St. to Regional Hospital; and storm drain from Regional Hospital to Stewart St.

Phase 2 Traffic Control is in place and will often reduce traffic to one lane from Cemetery St. to Walnut St. with flaggers and pilot cars directing traffic.

Sturgis Motorcycle Rally

All lanes will be open to unimpeded traffic from **July 29, 2015 to August 9, 2015** for the Sturgis Motorcycle Rally. However, portions of the roadway may be millings instead of pavement.

Special Note: The Project Team appreciates the Deadwood business owners and residents for their efforts in communicating openly with the team; input from the community has helped resolve traffic issues and mitigated many of the side effects often occurring throughout the reconstruction activities.

For further information feel free to contact Project Solutions at (605) 718-4046 or view notices online at the City's website homepage www.cityofdeadwood.com under **Hwy 85 Project**.

Deadwood Beautification

Volunteers

What: Weeding & Planting

When: 1st and last Sunday of each Month, May-September.
6:30 PM Starting May 3rd – ending Sept. 27th

Where: Richard Gordon Park (across from Dollar Store)

If you enjoy playing in the dirt, come join the group!

Street Shows are Free!

REMINDER: Building Permits

With summer in full force, both residential and commercial projects are taking place throughout Deadwood. This is a reminder under ordinances duly passed by the Deadwood City Commission, it is the owner and/or contractors responsibility to check with building official to obtain a required building permit. Building permits are required for any activity which involves or causes any such work to be done to construct, enlarge, alter, repair, move, demolish, or changes occupancy of a building or structure, or to erect, install or enlarge, alter, repair, remove, convert, or replace any electrical, gas, mechanical, or plumbing system. Fee for permit is established based upon the value of the project for which permit is requested as established by the ordinances of the City Commission. Please contact the City Building Inspector prior to any work to determine if building permit is required. **REMINDER: All Building Permits and Contractor Licenses will be issued by the Building Inspector from the Public Works Office located at 67 Dunlop Avenue. Feel free to call the Public Works office at 578-3082 with questions or concerns. Thank you!**

Quote of the Month:

"Life is a process of learning to love." – Jay Ligda

Safety Reminders: Summer Sun

Summer is here! Who doesn't want to be outside, sunbathing, swimming, hiking, fishing, golfing or just barbequing in the backyard? While summer means fun in the sun, make sure you are not getting too much of a good thing. Avoid consequences of overexposure to the sun like sunburns, premature aging of the skin, wrinkling, and skin cancer, including melanoma by practicing the proper sun protection. The hours between 9am to 3pm are the most hazardous for UV exposure in the continental United States. UV rays are the greatest during the late spring and early summer in North America.

Follow these 9 ways to help protect your skin:

- In all weather and in every season, wear sunscreen with a 30 SPF (sun protection factor) and says "broad-spectrum" on the label, which means it protects against the sun's UVA and UVB rays. Put on 1 ounce (shot glass) at least 15 minutes before going outside.
- Reapply sunscreen at least every 2 hours or more often if you're sweating or swimming.
- Don't use tanning beds.
- Wear sunglasses with total UV protection.
- Wear wide-brimmed hats, and long-sleeved shirts and pants.
- Avoid being out in the sun as much as possible from 10am to 2pm
- Check your skin regularly so you know what's normal for you and to notice any changes or new growths.
- Choose cosmetics and contact lenses offering UV protection. Use sunscreen and wear sunglasses with broad-spectrum protection.
- If you're a parent, protect your child's skin and practice those habits together.

Historic Preservation Retaining Walls and Elderly Resident Programs Available

After all the moisture received in the past couple months, it may be a good time to evaluate the retaining wall infrastructure throughout Deadwood. Retaining walls play a critical role in the protection of structures from damage related to soil collapse, but many property owners are unaware of just how integral these walls are to the overall health of their property. Properly constructed and well-maintained retaining walls not only mitigate soil erosion and wash-out after excavation, but also keep soil from collapsing. Soil collapse can put your building at risk for damage and any bystanders in physical danger, so it is vital to maintain your retaining walls properly, and to understand their role in the protection of your home or commercial space. Other items to address as the weather gets nicer may be projects involving life safety issues.

The Historic Preservation Commission and key staff have reviewed and adopted programs to assist in necessary projects needed to help preserve and protect Deadwood's uniquely beautiful historic resources. Whether it is painting, new siding, repairing/replacing windows, fixing retaining walls, addressing life safety issues or restoring a vacant residential property, check out Deadwood's new Historic Preservation Programs.

The restoration and protection of Deadwood's historic buildings and structures are a primary part of the City's goal to preserve and maintain Deadwood's historic integrity. The purpose of the revised programs are to assist with funding and to encourage property owners to use quality materials and craftsmanship by repairing first, where possible, and replacing, only if necessary. The Elderly Residence Loan Program is for assistance to residential property owners 65 years or older who have occupied property for at least 1 year; mobile homes not eligible. The Retaining Wall Program is to help repair historic retaining walls and replace only if necessary. These programs are for eligible residential properties and must be located within Deadwood City limits. Pick up applications at the Historic Preservation office in City Hall or at www.cityofdeadwood.com found under Historic Preservation and Programs.

Chamber Corner - Upcoming Deadwood Events & Happenings

Deadwood Stagecoach Days – July 10 & 11: Deadwood History, Inc. and the Deadwood Historic Preservation Commission invite you to attend the 2nd Annual Deadwood Stagecoach Days at the Days of '76 Museum and Rodeo Grounds. On Friday, July 10 the event includes lectures on stagecoach travel, western art, early photography and the railroad with Admission by donation. On Saturday, July 11 the event features wagon and stagecoach demonstrations, fast draw competitions, gold panning, old-fashioned children's games, musical entertainment and a chuck wagon meal with Admission of \$15 for adults, \$10 for children (7 -14) and FREE for ages 6 & under. Chuck wagon meal sold separately. For more information, call (605) 722-4800 or visit DeadwoodHistory.com.

Days of '76 – July 21-25: Truly the "Best Rodeo. No Bull". The Days of '76 Rodeo has been named the PRCA Small Outdoor Rodeo of the Year four times and was named PRCA Midsize Rodeo of the Year for 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013 and again in 2014. The Days of '76 has also held the title of Badlands Circuit Rodeo of the Year since 2002. The 2015 Days of '76 parades on Historic Main Street Deadwood are July 24 & 25. For tickets visit DaysOf76.com.

For information on any of the Deadwood Chamber's events, you may contact the Chamber by calling (605) 578-1876, by email visit@deadwood.org, by going to www.deadwood.org, or by coming in to see us at 767 Main Street in Deadwood, South Dakota!
