**Can I Operate My ATV/UTV on Public Roadways?**

ATV's and UTV's are legal to drive on public roadways in the State of South Dakota. However, they are required to be licensed. If they are not licensed from your state, you can purchase temporary licenses from any treasurer's office in South Dakota which allows them to be operated on public roads, excluding the interstate highway system. The Lawrence County Treasurer's Office is located in Deadwood at 90 Sherman Street .

If you plan on using the Forest Service trail systems, a Motorized Vehicle Use Trail Permit is required for any motor vehicle traveling on motorized use trails in the Black Hills. The trails requiring permits are marked. The permits can be obtained at the locations in the link below.

Mirrors, brake lights, headlights, and an audible signal (horn) are required on your ATV/UTV to operate on public roads. Eye protection is required if you do not have a windshield. One can use hand signals to indicate a directional change. Operators and passengers under the age of 18 are required to wear a helmet. The ATV/UTV must be insured to operate on a public road. Make sure the proof of insurance is with you.

**Feeding the Deer**

The City finds that the baiting of deer by placing unnatural food sources upon any real property within the city for the purpose of attracting deer to eat such unnatural food source has the effect of enticing deer from their natural habitat into an unnatural urban environment, thereby endangering the deer, resulting in an unnatural growth of the deer population, resulting in an unnatural loss of the deer's instinctive avoidance of humans, resulting in reliance by deer upon such unnatural food source, and also endangering persons and domestic animals, and resulting in damage to property. (Reference *Deer Baiting Ordinance 6.12*)

**SNOW REMOVAL NOTICE**

The Deadwood Public Works Department would like to remind you cars need to be removed from the street during snow removal. Residents will be notified one day in advance via CodeRED when snow removal is scheduled for their street. If your car is not removed prior to snow removal it will be ticketed and towed.

Sidewalks need to be cleared within 24 hours after the snow stops falling. Failure to clear your sidewalk will result in the city clearing the sidewalk. A fee of \$71.50/man hour will be charged if the City is required to clear the sidewalk. Snow should not be shoveled into the street after the snow has been removed.

The Public Works Department appreciates the cooperation of the citizens to assure our streets are passable and our sidewalks are safe. If there are questions, please feel free to contact us at (605) 578-3082.

Please sign up for the CodeRED Public Notification System on the City's website at *cityofdeadwood.com*, *Community*, *Public Safety*, *CodeRED* or call (605) 578-2082 if you require assistance with signing up.

Thank you for your cooperation!
