City of Deadwood Website Wins the Gold!

The City of Deadwood went live with a new and exciting website in August 2020. Staff, along with Municode, spent several weeks designing and developing the new website to showcase Deadwood and its rich history.

The website's content management system is simple and easy to use while ensuring all pages remain fresh and up to date. Staff continues to grow and evolve the website information for residents to easily access and to answer any questions they might have about our historic city.

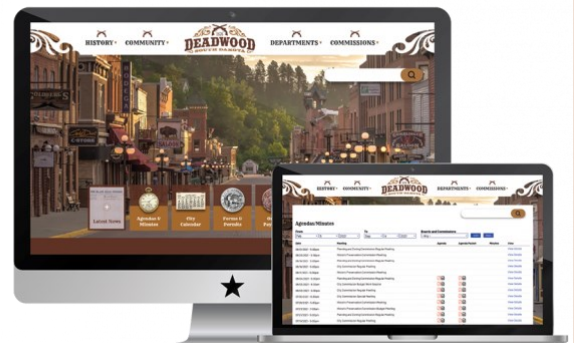

In 2021, as a result of the hard work and dedication of City of Deadwood staff, the new website won a Gold dotCOMM Award. This is an international competition honoring excellence in web creativity and digital communication.

May 5: Preservation Thursday: *Remember Christmas?* – The presentation by South Dakota Humanities Council’s Speakers Bureau Scholar Phyllis Schrag is a sequel to *If You Have to Grow Up, It Might as Well Be in a Small Town* and *Baseball, Preachers, and Funerals*. This "storytelling" type lecture is a humorous yet poignant look at small town life in winter and especially around Christmas. There is the annual Christmas Eve church program presented by the Sunday school children, the caroling, and the famous Christmas sack of peanuts and hard candy. The reminiscences include a poignant story of a special and unusual Christmas gift. Audiences who have enjoyed the previous two programs will find this a nostalgic trip back in time. However, it can serve as a stand-alone program for any audience. Homestake Adams Research and Cultural Center; 12:00 p.m. The event is free.

Protecting Your Home From Wildfires

Take the time to perform some simple tasks to protect your home from the threat of a wildfire.

- Start by raking and removing dry leaves and pine needles from within three to five feet of your homes foundation.
- Make sure your roof and gutters are free from pine needles and leaves.
- Wood piles should be at least thirty feet away from your home and other outbuildings.
- Clear pine needles and leaves from your deck and porches.
- Move items stored under your porches and decks to a storage shed, basement or garage.
- Portable propane tanks and gas cans should be located away from your home. Never store these items indoors.
- Keep your yard mowed to a height of no more than four inches.

For more information on wildfire preparedness, visit the National Fire Protection Association (NFPA) website at <https://www.nfpa.org/Public-Education/Fire-causes-and-risks/Wildfire/Wildfire-safety-tips>.
