Water Billing to be Adjusted in January 2023

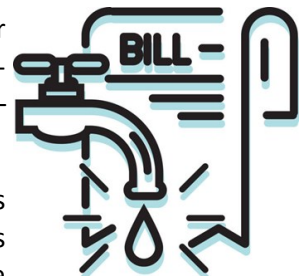

The City of Deadwood's Finance Department, along with the Water Department, are adjusting the billing cycle at the beginning of the new year to assist with better tracking and reporting of water usage.

Customers will be billed on the 7th of each month, covering usage from the 1st – 31st of the previous month. Please note, future bills will arrive in your mailbox one week later than normal. The new due date for your water bill will be the 27th of each month. If you are set up on automatic bank draft, your payment will still process on the 15th of each month. No action is needed by you.

This change will take effect in January 2023. Residents will have one-month base rate in this billing cycle but will see water usage for the 45 days. Most residents will not see a drastic change in the bill for this month, while some will see a one-time increase due to the additional 15 days of water usage.

This coordinated effort will assist in monitoring the water consumption within the city and assist the water department in identifying patterns that can quickly indicate leaks or water loss. The change in the water meter reading billing to the end of the month will allow the department to more efficiently examine all aspects of the water – wastewater system in the community.

We appreciate your understanding and patience during this transition in the billing cycle. If you have any questions regarding this matter, please feel free to contact the Finance Office at (605) 578-2600. Ext 5.

The City of Deadwood Welcomes new Department Heads

Please join the City of Deadwood and help us welcome our three new City Department Heads that joined our team on December 11, 2022.

Parks, Recreation and Events Director Randy Adler: Randy started with the City Parks Department in 2018 and has served as the Parks Superintendent before his recent promotion.

Public Works Director Lornie Stalder: Lornie recently retired from US Postal Service where he served as the Postmaster for the Spearfish office.

From left: Randy Adler, Lornie Stalder, and Justin Lux

Parking and Transportation Director Justin Lux: Justin has served with the Deadwood Police Department since 2010 where he obtained the rank of Sergeant.

Congratulations!

Snow Removal Policies & Ordinance Reminders

In light of the recent snowstorm, we are writing today to remind businesses and residents of the snow removal policies and ordinances in the City of Deadwood.

Per the Deadwood City Ordinance 12.20, residents and businesses must remove snow and ice from their sidewalks within 24 hours after snow has fallen or ice has formed. If the sidewalks have not been cleared in that time, then the city may pose a fine to remove the snow and ice. Additionally, snow that is pushed onto city streets in such a way that would block any traffic is classified as a misdemeanor. Also, per SDCL: 31-32-3.1, it is illegal to deposit large amounts of snow on the highway right-of-way (including driving surfaces, shoulders, and ditches).

Knowing all of this, the City of Deadwood asks you are prepared with private contractors for snow removal to ensure the safety of employees, residents, and our numerous visitors. Please do not push snow onto the street. We ask that you do not block right of ways, trolley stops, sidewalks, crosswalks, or fire hydrants. For the safety of all who are using your business, please make sure to clear the snow as soon as possible, including during snowfall, to prevent any accidents. The City of Deadwood charges \$71.50 per hour, per city employee to remove snow from your sidewalks and snow moved onto a public street after we have begun our snow removal efforts. If you need assistance in finding a contractor to perform your snow removal, reach out to the City of Deadwood. We are developing a list of these companies who conduct snow removal.

Again, we ask for your cooperation and please plan accordingly for your snow removal. Thank you very much for your cooperation, and if you have any questions about these policies and ordinances, please contact City of Deadwood Parking & Transportation Department at 605-578-2082.

Change in Meeting Times

Effective January 1, 2023, the Planning and Zoning Commission and Historic Preservation Commission meetings will meet at 4:00 p.m.

As a reminder, the Planning and Zoning Commissioner meetings are the first and third Wednesday of the month. The Historic Preservation Commission meetings are the second and fourth Wednesday of the month.
