**Parking Management Plan
Project and Survey Notice**

The City of Deadwood is looking at opportunities to improve parking operations and management, especially during the busy times of the year when Historic Deadwood draws hundreds of thousands of visitors. The City is currently undergoing the development of a Parking Management Plan in collaboration with national parking experts Walker Consultants.

The purpose of the planning effort is to assess how on and off-street parking in Deadwood is being used, identify issues and opportunities, and develop a plan for operating and managing parking now and into the future. The City expects continued growth and change for Historic Deadwood, along with maintaining its status as a premier visitor destination for history, gaming, recreation, and entertainment.

Promoting a high-level of access and customer service for residents, businesses, and visitors, maintaining its unique heritage and vibrancy, and ensuring efficient use of parking resources are key guiding principles for the City as it operates and manages parking. The Parking Management Plan will help plan for future growth and changes and serve as a strategic roadmap to guide operations and management.

We need your input! Please take the survey at <https://www.surveymonkey.com/r/YW39GMV> and tell us about your experience and ideas related to parking in Historic Deadwood. The survey can also be accessed by scanning the QR Code to the right.

The development of the Parking Management Plan is expected to run through summer 2023.

SNOW REMOVAL NOTICE

The Deadwood Public Works Department would like to remind you cars need to be removed from the street during snow removal. Residents will be notified one day in advance via CodeRED and the City of Deadwood's Facebook page when snow removal is scheduled for their street. If your car is not removed prior to snow removal it will be ticketed and towed.

Sidewalks need to be cleared within 24 hours after the snow stops falling. Failure to clear your sidewalk will result in the city clearing the sidewalk at a fee of \$150.00 per employee per hour. Snow should not be shoveled into the street after the snow has been removed.

The Public Works Department appreciates the cooperation of the citizens to assure our streets are passable and our sidewalks are safe. If there are questions, please feel free to contact us at (605) 578-3082.

Signing up for CodeRED notifications is easy. Visit the City of Deadwood's website at www.cityofdeadwood.com or call (605) 578-2082 and staff will be glad to assist you with signing up. Follow the City of Deadwood on Facebook to stay informed by using the following link www.facebook.com/officialcityofdeadwood.

Thank you for your cooperation!

Deer Feeding Reminder

The City finds that the baiting of deer by placing unnatural food sources upon any real property within the city for the purpose of attracting deer to eat such unnatural food source has the effect of enticing deer from their natural habitat into an unnatural urban environment, thereby endangering the deer, resulting in an unnatural growth of the deer population, resulting in an unnatural loss of the deer's instinctive avoidance of humans, resulting in reliance by deer upon such unnatural food source, and also endangering persons and domestic animals, and resulting in damage to prop-
