City Archives Moment

Last month, the Historic Preservation staff, student interns, and volunteers continued sorting/classifying the FourPoints archaeological assemblage unearthed in 2019-2020. Between 200 to 250 centimeters (8.2 feet) beneath Deadwood's Main Street, archaeologists unearthed a rich cultural layer consisting of numerous Chinese ceramics and porcelain deposited before the May 1883 flood.

Within this layer, came this porcelain (bamboo pattern) soup/rice bowl and porcelain box (possible Double Happiness pattern). After reviewing the field notes and consulting with the historic fire insurance maps, these items were associated with a series of four one story wood structures that were labeled "Chinese dwelling and gambling houses".

Grass and Weeds

The City of Deadwood Parks Department would like to make residents aware that failure to keep weeds and grass cut will cause the city to cut the weeds and grass resulting in the assessment of the costs against the property.

Below are the applicable ordinances for your review.

8.20.020 Duty Of Owner, Occupant Or Person In Charge

It is the duty of the owner, occupant, or person in charge of any lot in the city to keep such lot free from weeds as defined herein or to cut such weeds at such times as may be necessary to prevent their growth. Weeds and grass left uncut cause an unsightly appearance, create a fire hazard, and offer an environment conducive to rodents and small animals.

8.20.030 Notice To Cut Weeds

- A.** The parks supervisor may, at the beginning of or during the growing season, by public notice, require all weeds and tall grass on such lot to be cut and removed within five days after the giving of such notice. Such notice need not be given personally, but may be given generally by one publication in the official newspaper.
- B.** Such notice shall provide that each owner, occupant or person in charge of any lot within the city shall cut and remove all noxious weeds, and keep grass and other weeds cut as to prevent aforementioned problems from occurring. Failure to keep such weeds and grass cut will cause the same to be cut and assess the costs thereof against the property benefitted. One such notice shall be sufficient for each growing season.
