## Deadwood History Inc. Events

**July 11: Family Fun Tuesdays: The Case of the Ever Changing Elementary School** – Deadwood History, Inc. (DHI) hosts a family friendly event on Tuesday afternoons during the summer. You can become a history detective when you help the T&S Detective Company in their hunt for clues about how Deadwood's elementary school changed over the last 140 years. Using historic photographs, maps, documents, and the elementary school building, you will find concrete evidence to help the T&S Detective Company put together a record of the many changes. Deadwood Outlaw Square; 3:00 p.m. to 4:00 p.m.; the event is free.

**July 18: Family Fun Tuesdays: Raptor Center** – Meet the avian ambassadors from the Black Hills Raptor Center. These birds of prey come in all sizes and are native to the beautiful state of South Dakota. Learn about area wildlife and the Raptor Center's conservation efforts. Deadwood Outlaw Square; 3:00 p.m. to 4:00 p.m.; the event is free.

**July 21: History on the Lawn: Gabrielle Knife & Family: Keeping Culture Alive through Song & Dance** – Gabrielle Knife will provide a brief family background as well as song and dance demonstrations that explore the different styles of popular dances within the Native American communities and Powwow circuit. Gabrielle will explain many of the historical backgrounds to the dances, where they originated, and how those styles differentiate and evolved into today. During the late 1800s, Native American ceremonial songs and dances were banned and outlawed. Many tribes and individuals were being showcased in "Wild West" shows and therefore utilized this opportunity to continue to carry on songs and dances. They did this as a way to stay connected to their beliefs and practices both legally and publicly. Over time these songs and dances evolved into contemporary social events (also called Powwows) which have allowed Native Americans to stay grounded in their identity. Bring a lunch and a chair and enjoy the Historic Adams House lawn; 12:00 p.m.; free for members and \$5 for non-members. In case of inclement weather, the lecture will be moved to the Homestake Adams Research and Cultural Center (HARCC).

## CodeRED

The City of Deadwood uses CodeRED, a high-speed mass notification system, to keep residents informed. The notification system delivers general and emergency messages to residents via phone, text message and email.

General messages are used to communicate non-life safety matters such as community events, planned road closures, power service interruptions, and water main repairs. Emergency messages notify residents of emergencies such as an evacuation notice, utility outages, fire, floods, severe weather or other emergency situations.

During the winter months, the Public Works Department uses CodeRED to notify residents of upcoming snow clearing to make sure all vehicles are removed from the road.

Residents not currently registered to receive these free alerts can register online by visiting the City of Deadwood website at [www.cityofdeadwood.com](http://www.cityofdeadwood.com), Community, CodeRED. If you need assistance with registering or have any questions about CodeRED, please call (605) 578-2082.
